RE: Clough Pike Closure Culvert Replacement No. CC33-18
Union Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary for the Clough Pike Culvert Replacement, and that it is impractical to construct a temporary highway/culvert and that a temporary detour is required.

Therefore, I have scheduled a road closure on Clough Pike. The closure is located between 1099 and 1127 Clough Pike. The Road will be **closed to through traffic on Monday 5-1-2017 through Friday 06-30-2017**. The length of detour is approximately 2.30 miles or 12,119 feet. The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. This project is associated with the Transportation Improvement District's West Clermont project. **Attached is the recommended detour.**

If I can provide any additional information, please call the Clermont County Engineers Office at (513)732-8857.

Sincerely,

Patrick Manger, P.E., P.S.
Clermont County Engineer
